

MAZDA BT-50

BUILT FOR EVERYDAY LIFE.

Strength meets sophistication in a truck created to move with purpose and presence. The Mazda BT-50 is made for those who demand more than utility, delivering refined comfort, advanced technology, and effortless capability.

Every detail is designed to elevate your lifestyle, from the boldness of its exterior to the confidence of its performance. Whether in the city or beyond, the BT-50 makes every drive as rewarding as the destination.

It is a statement of style, strength, and freedom.

AS TOUGH AS IT LOOKS

KODO DESIGN. PURPOSEFUL BEAUTY.

The Mazda BT-50's signature LED headlights are more than a striking feature. Designed to adapt to every journey, they provide clarity and confidence, ensuring visibility even in challenging conditions.

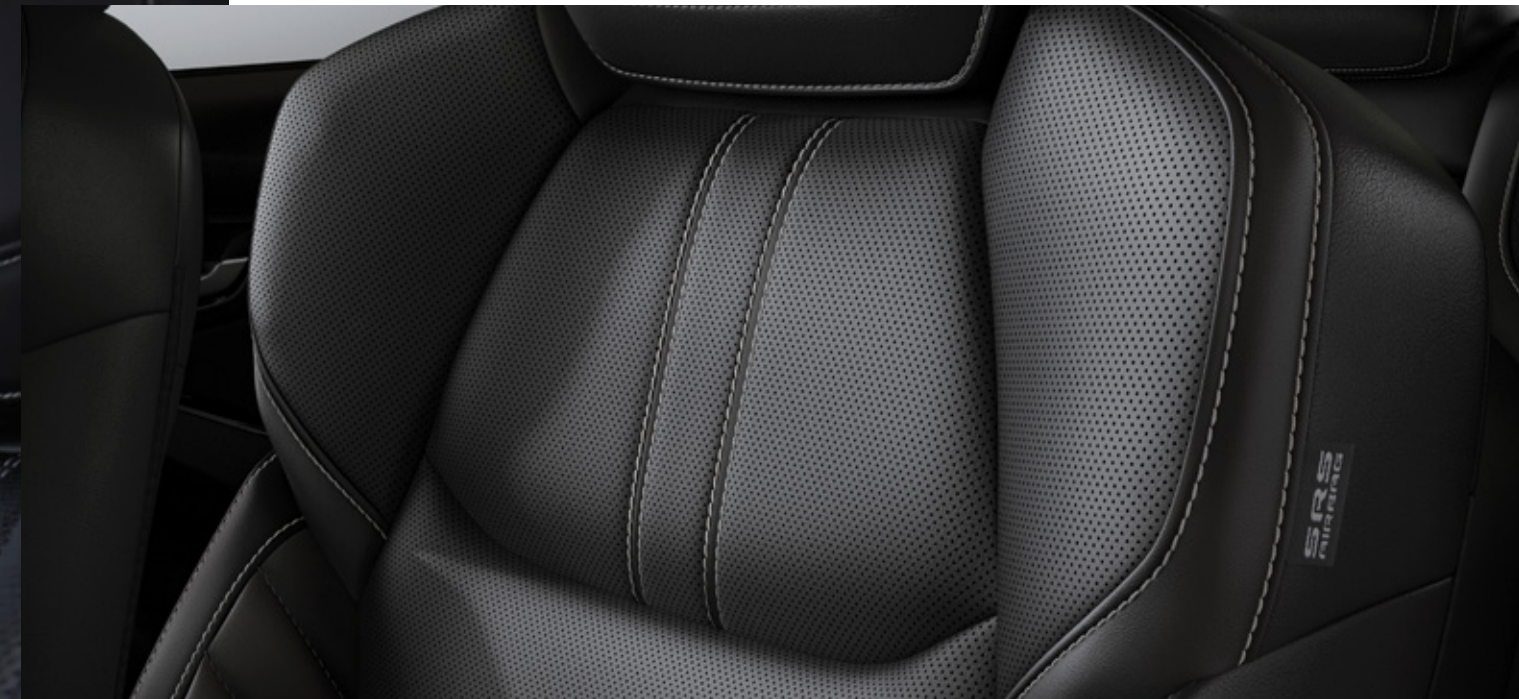

A bold front grille defines the BT-50's commanding presence. Its modern contours enhance airflow while projecting strength and sophistication.

From its sculpted rear profile to the sleek LED combination lamps, the BT-50 is purposeful and dynamic. Every angle reflects attention to detail and confidence on the road.

The Mazda BT-50 is a bold expression of KODO: Soul of Motion. Every contour and every surface reflects a harmony of strength and refinement. With its powerful stance, sculpted proportions, and flowing lines, the BT-50 combines purpose with sophistication.

BOLD MEETS SPORTY

ADVENTURE STARTS FROM WITHIN.

A 7-inch digital driver display provides essential driving information with clarity.

The BT-50's 9-inch infotainment display with Apple CarPlay® and Android Auto™ keeps your calls, music, and navigation within easy reach.

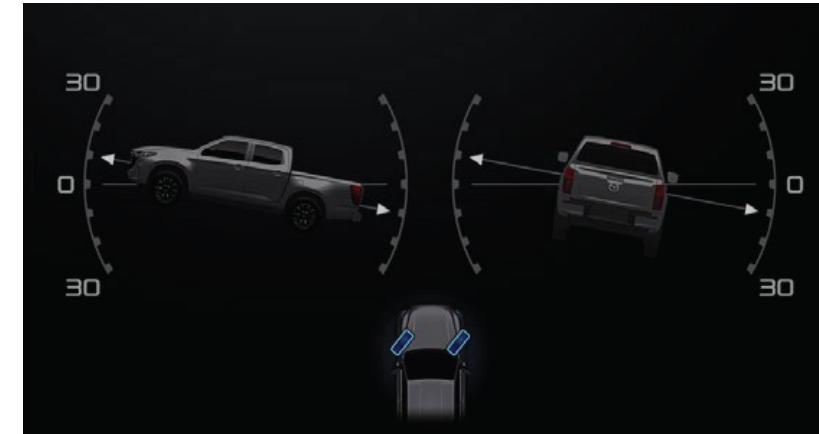

Immerse yourself in amazing audio with the 8-speaker surround sound which includes 2 innovative roof speakers.

The Mazda BT-50 redefines what it means to drive a truck. Inside, craftsmanship meets technology with a cabin designed for both comfort and control. From premium seating to seamless connectivity, every detail is created to make each journey feel refined.

BUILT TO EXPLORE.

The Mazda BT-50 is engineered for confidence on and off the road. Its advanced 4-wheel drive system gives you the flexibility to adapt instantly to changing conditions, keeping control even when the ground gets demanding. With key off-road information displayed clearly to the driver, the BT-50 helps you stay composed and in command no matter where the journey leads.

The Mazda BT-50's driver display provides real-time tilt and roll information, helping you stay aware of your truck's position on challenging trails. With clear feedback always in view, you can approach steep angles and uneven terrain with greater confidence.

When the going gets tough, Rough Terrain Mode takes over to ensure stability and control. By working with the traction control system, it automatically adjusts throttle response and braking to maintain smooth progress across mud, rocks, or uneven ground.

TACKLE IT ALL

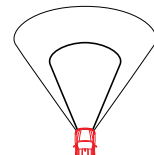

ALL THE POWER YOU NEED.

The Mazda BT-50 is powered by a robust 3.0L turbo-diesel engine, delivering 188HP of power and 450 Nm of torque. Built for strength and dependability, it provides confident acceleration, effortless towing, and the durability to handle demanding work or adventurous play. Matched with a 6-speed automatic transmission, the BT-50 balances smooth driving in the city with commanding performance off-road. It is power that feels refined, yet ready for any challenge.

ADVANCED SAFETY TECHNOLOGIES*

Automatic High Beam (AHB)

Automatically prevents high beam from dazzling other drivers on the road.

Auto Emergency Braking (AEB)

AEB continuously monitors traffic conditions ahead for possible hazard. When the system judges a collision is unavoidable, it automatically applies emergency braking to avoid or reduce the severity of a collision.

Forward Collision Warning (FCW)

Detects a potential collision in front of the vehicle and alerts the driver.

Blind Spot Monitoring (BSM)
Rear Cross Traffic Alert (RCTA)

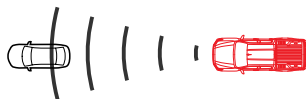

BSM alert drivers of the presence of vehicles approaching from behind and in the adjacent lane on either side by displaying an icon in the appropriate door mirror. RCTA alerts the driver when it detects vehicles approaching from either side during reversing operations.

Lane Departure Warning System (LDWS)

LDWS automatically senses lane markings on the road and alerts the driver when it predicts the vehicle is going to unintentionally depart from its lane.

Adaptive Cruise Control (ACC)

Detects the vehicle in front and adjusts your cruise control speed to maintain a safe distance.

The Mazda BT-50 is equipped with advanced safety technologies designed to protect you and your passengers in every journey. Combined with a rigid body structure and intelligent driver aids, the BT-50 delivers safety that inspires confidence wherever you go.

* Available on selected models only. These systems are not a replacement for safe and attentive driving. Please drive carefully at all times and do not rely on technology to prevent an accident.

READY FOR EVERY CHALLENGE

With its bold design and practical features, the Mazda BT-50 stands out both on and off the road. Built to handle every task with confidence and style.
